

*The
Wolves*

Synopsis:

Left quad. Right quad. Lunge. A girls indoor soccer team warms up. From the safety of their suburban stretch circle, the team navigates big questions and wages tiny battles with all the vim and vigor of a pack of adolescent warriors. A portrait of life, liberty, and the pursuit of happiness for nine American girls who just want to score some goals.

Show Processes:

The Wolves by Sarah DeLappe is a one act dramedy, about an indoor girls soccer team. The production was put on at the Rochester Institute of Technology in the winter of 2019 which was my freshman year at the university. The production was completely student-run having myself as the Director and the cast and crew as well as our sign language interpreters were also fellow students. The show was made possible through the Fine Arts scholarship at RIT. Which I and several of members of the cast and crew were recipients of. How the project came to be was I proposed the idea of directing a show to my faculty Mentor Andy Head. He loved the idea and with his oversight and mentorship helped me get the facilities and resources that I needed to put on this production. The cast and crew was exclusively female. Which is a personal triumph firstly because I pride myself on being a feminist of the arts but also because it was the third completely female cast that I had had the opportunity to direct.

This page is for you to keep.

We hope to have our first read-through shortly after casting, but this will be based upon the cast's availability. For the performances, we're hoping to perform either at the end of this semester (probably in December), or to do a staged reading this semester and perform more officially next semester. It will depend on the availability of those people working on the show.

If cast, you will be emailed the rehearsal schedule. Frequency of rehearsal is, once again, based on availability. We'd like to meet at the very least once a week (maybe more), most likely in the evening. We may rehearse once on weekends, but again, this will be based on availability.

This is a new project, and therefore we are still working out a lot of the logistics. We apologize for the lack of info at this time, but we greatly appreciate your flexibility as we work it out. As we approach the performance dates (once determined), we may add additional rehearsals. Being an ensemble-based play, more often than not most of the cast will be called. However, we will do our best to call only who we need for that day. The entire cast does need to be available for any tech rehearsals and performances. You may need to get permission from professors to miss any classes that occur during these times. Please let us know and we're happy to supply a letter.

Lastly, thank you for your interest in this project!

- I squeeze in another rehearsal 17th-23rd but that depends on when the show is.
- Length of Saturday rehearsals might vary depending on where the show is. I might want to schedule a long rehearsal it would come and go and would be after we block but I'm still thinking about this because it would only work if certain factors were in place.
- Rehearsals for tech week will be determined before coming back from break. I will ask you about finals schedules to help you all out as well
- Thought about the show dates ?
- Week day rehearsals will not be long.
- Tech meeting will be determined later date
- This is a general outline and will be subject to change based on everyone's availability I may add or subtract but for the most part this is how our rehearsal schedule will be.

SHOW/TECH WEEK SCHEDULE

Due to that none of you have done a show with me before I wanted to go over how I do things. One thing I always do is do these outlines of my expectations and plans for final rehearsals and techs.

Sunday 11/10:

Rehearsal in **LBJ-1520 12:00-2:00**. We will start off by going over any important production notes I have and my expectations for the run. Then We will be doing a **FULL RUN though! NO STOPPING!** I will be timing. If we have time after the first run we will be doing a stop and start. During the run I will be taking notes that we will go over after the run. We will be going over my expectations for hair as well as costumes (*hopefully*). This is also your **LAST opportunity to tell me about props** you need, because I will be figuring out who's bringing what and what needs to be bought in terms of props. **ALSO IF** you aren't going to be here for **Wednesday rehearsal** please tell me. I will try to remember to ask you at the end of rehearsal this is **very important**.

- Give cast poster

Wednesday 11/13:

Rehearsal **6:30-7:30 in LBJ-1520**. We will be working on things I said needed to be fixed during the run through from last rehearsal. One thing we will definitely be working on is the mother monologue, among other things that are TBD. I also want an update on costumes. We will go over some notes for the next rehearsal.

We might do a stop and start but this is **TBD**. I would like you to **BRING YOUR COSTUMES**; we will be doing the photo for the ending of the show that day. Who ever said they would bring their selfie stick please do! I'll take care of the orange slices. Also reminder that Andy is coming to this rehearsal. :)

UP NEXT: *THE WOLVES* OUR FIRST STUDENT-LED SHOW

The Wolves, written by Sarah DeLappe, was a Pulitzer Prize-finalist in 2017, ultimately losing out to Lynn Knottage's *Sweat*. The play tells the story of an indoor soccer team and focuses on the struggles of a group of young women as they navigate the trials and tribulations of high school and deal with the tragedies of life, both big and small.

In an exciting performing arts initiative, the COLA Theatre Arts Program is collaborating with the brand new Performing Arts Scholarship Program to put on this minimalist production. Directed by first-year PA Scholar Claire Wilcox, the show will perform on **Saturday, December 7 at 7:30pm in LBJ-1510 Lab Theatre**. Tickets are free, but seating is very limited and available only on a first come, first served basis at the door. Don't miss this one-night performance!

Another great semester for the books! Coming up in the Spring, we've got a trip to see Blackfriars' production of *Next to Normal*, an Improv workshop, a NYC guest-artist workshop, *Bent*, more OFF-Stage readings, and who knows what else. Stay tuned for more to come.

COLA OFF-Stage: December 10

Our November OFF-Stage was cancelled due to unexpected heavy snow, so we've moved the reading of *Dog Sees God: Confessions of a Teenage Blockhead* to the December slot. The reading will take place next **Tuesday, December 10** starting at 6:30pm. We'll be in Stan McKenzie Commons (first floor in the Liberal Arts Building). Come see what Charlie Brown, Lucy, Pig Pen and the gang might be like as high schoolers facing the many challenges of life. *Warning* This play deals with sensitive topics and may be unsuitable for some participants.
